Additional out-of-pocket program costs:

Additional out-of-pocket program costs may be incurred, including the required NCLEX exam. Additional external fees are not paid directly to Midwestern Career College (MCC). All costs are estimated, and prices are subject to change without notice or MCC's knowledge. Examples include but are not limited to the fees to cover the cost of vaccination, drug screening, physical exam, and additional background check, among others that may be applicable. Estimates below do not include costs for travel to and from school and clinical education site, site specific vaccination and drug screening requirements, site-specific uniform costs, or any other additional costs imposed by clinical sites, certification, and/or credentialing agencies, among others. Students should also refer to the catalog and their enrollment agreement for more information on program specific and/or administrative fees.

Cost of Attendance is based on 26/27 award year

Cost of attendance (COA) is the total estimated cost of attending a college or university per academic year . It includes tuition and fees, housing and food, books and supplies, transportation, personal expenses, and other education-related costs. Colleges use the COA to show the estimated total cost of attendance and to determine a student's eligibility for financial aid. The COA is used as a planning and financial aid tool and does not necessarily represent the actual cost of the program.

FEES LISTED BELOW ARE FOR THE ACADEMIC YEAR
